VI. Additional provisions

a) Boat rental

Rental boats will be offered. Further information can be found at our website starting early 2018. All boat rental at the regatta venue is reserved to the boat rental agencies authorized by the host.

b) FISA Rules of Racing

The races shall be rowed according the FISA Rules of Racing and related bye-laws. A rower may compete if he/she attains the age of 27 in 2018.

Age categories

A = minimum age 27 years	G = average age 65 years
B = average age 36 years	H = average age 70 years
C = average age 43 years	I = average age 75 years
D = average age 50 years	J = average age 80 years
E = average age 55 years	K = average age 85 years
F = average age 60 years	

Within an age category, a sorting by the year of birth is applied equivalent to the World Masters Regatta. The sorting by year of birth will be done at the draw considering all valid entries by the time of the draw. The sorting within an age category will be done backwards from the oldest to the youngest participant. Late entries that will come in after the draw will row in the heat with the youngest participants, not considering their year of birth. If scratches occur, the regatta committee reserves the right to depart from that rule.

Coxswains

The coxswain's weight is 55kg. A coxswain has to employ deadweight to compensate for an underweight condition to a maximum of 15kg. Coxswains will weigh-in once for the whole regatta one (1) hour before their first race at the latest.

A coxswain may be of either gender. Age categories do not apply to coxswains of Masters crews.

Mixed races

Mixed crews are crews where half of the crew excluding the coxswain shall be women and half shall be men.

Proof of age and accreditation

Each regatta participant must be able to proof his/her age by presentation of an official photo ID (passport, ID card, driver's license). At the regatta office, you will be able to obtain an accreditation to avoid the necessity of carrying the photo ID. The age of the participants will be verified during the regatta. In addition, the identity can be verified at the victory ceremony.

Clothing

Members of the same crew shall compete wearing uniform clothing.

The regulation regarding uniform clothing does not apply for mixed crews on Sunday.

Race divisions

When the number of entries in an event exceeds the number of available racing lanes, the event will be divided into two or more finals. If an event's age category has one entry only, this crew shall start in the next lower age category.

Quick start

If necessary, a quick start procedure can be applied. After announcing "2 minutes", crews shall be ready for start. As soon as the boats are aligned, instead of a roll call, the starter will call "QUICK START", "ATTENTION" and turn the red traffic lights ON. Afterwards, he/she will give the start signal using the GREEN light and simultaneously an AUDIBLE SIGNAL through the speakers. In case of a system failure, the start will be signalled using the start flag and the command "GO".

Substitutes

As a maximum, only half of the rowers of a crew may be substituted. A substitute shall not be permitted if the age of the substituting rower would lower the average age of the crew by more than one year or change the age category of that crew.

Awards

Medals will be awarded to the winners of each final. A separate classification will take place and prizes will be awarded for each age category, even when the race is held together with other age groups in a combined final. This applies to both men's and women's events. The winners of the races of the Munich Masters Trophy will receive a special award.

Anti-Doping

Please note that doping tests are also possible at Masters regattas. A required medication has to be attested together with the relevant diagnoses and the agents applied – insofar as they are not banned, but notifiable by anti-doping regulations – by the attending doctor. A copy of the attestation shall be deposited **before** the competition in a sealed envelope at the regatta office. The envelope will only be opened in the presence of the rower and shall be collected upon completion of the regatta.

Health

Each competitor shall be responsible for his or her own health and fitness.

c) Munich Masters Trophy

Races marked with an * will have Munich Masters Trophy finals on the following day. They will be assigned to the six or seven fastest participants of all heats of the relevant races. For these finals, the rowers can only qualify in their own age category. The assignment will take place two hours after the last heat of the relevant event. The assigned rowers will have four hours time after the end of the last heat of the relevant event to confirm their participation in the final race. If they do not confirm their participation, the next fastest rowers will be called.

If an event only consists of up to seven participants, the heat will be directly counted as the final race of the Munich Masters Trophy and the final on the next day will not happen. There is no entry fee for the final races of the Munich Masters Trophy. The victory ceremony will take place immediately after each race at the victory pontoon.

d) Rolf Oberschür Trophy for the best female and male club team

Starting 2018 and similar to the World Rowing Masters Club Trophy, Regatta München will award the best club teams with the newly created Rolf Oberschür Trophy. The point attribution follows the point system described below. The awards will be solely determined by the performance of the club's crews as described in this paragraph. Composite crews and finals of the Munich Masters Trophy will not earn points towards the Club Trophies, but will otherwise continue to be fully eligible to compete for the regular medals as usual.

The following rules apply in order to determine club teams:

1. A “club crew” is one in which all the rowers are members of the same club (not including the coxswain).
2. A “club” is any organization recognized, and eligible to make entries in regattas conducted, by a national federation that is a member of FISA.
3. An individual rower’s club affiliation that is verified by the rower and entered in the World Rowing Masters Database shall be binding until affirmatively changed by the rower. At the Euro Masters Regatta, a rower’s club affiliation shall be irrevocably determined as of the first race in which the rower competes and may not be changed until after the Regatta is concluded.

The Rolf Oberschür Trophy will be awarded to the club that has earned the most points in the respective events (men’s events and women’s events) during the regatta. All age and gender categories will be allocated points in the same manner. All club crews who finish the race will be awarded points, regardless of the number of crews racing in that heat. Points will be awarded according to the actual finishing position for each club’s crew depending upon the type of event and placement of the crew, according to the following table.

Point allocation table

	1th	2nd	3rd	4th	5th	6th	7th
8+	36	27	20	15	11	8	6
4x/4+/4-	27	20	15	11	8	6	4
2x/2-	20	15	11	8	6	4	3
1x	15	11	8	6	4	3	2

i) Team tents

Team tents can be set up without fees along the course in designated areas. As the available space is limited, please contact the regatta management in advance indicating the amount of space needed.

j) Safety notice

On the whole venue, escape and emergency routes have to be kept free at all times. Green areas must not be used to park vehicles or trailers. The paved area immediately in front of and behind the boathouses have to be kept clear during the entire event. Open fire and the preparation of food using electric, gas, or charcoal devices is prohibited. The preparation of food is only permitted in catering tents at the campground. Staying overnight in the boathouses (ground floor) is prohibited. In case of violations, an exclusion from the regatta may be considered

k) Parking

From Thursday morning until the end of the event on Sunday, only drawing vehicles may enter the regatta venue to bring boat trailers in or pick them up. These drawing vehicles as well as all other vehicles have to park at the grandstand parking of the Olympic Regatta Course. There is a parking fee that applies to all vehicles (3 €/day).
